Pennsylvania, sure, but it could happen here. And that was a one, let me tell you. The South Fork Dam broke. Wall of water seventy feet high totally destroyed the city. Your tornado killed almost seven hundred, but my dam killed two thousand two hundred and nine. Ninety-nine entire families were swept from the earth. Ninety-eight children lost both parents." Quick introductions were made in the process of moving from the porch to the foyer, and Agnes said, "Come on back to the kitchen, I'm baking pies." "I'm a less philosophical sort than Kathleen," Nolly said, "so what I've been wondering is where you learned the tricks with the quarter. How is it you're priest, cop-and amateur magician?". Agnes pulled the stack of cards in front of her. She discarded the first two, as Maria would have done, and turned over the third. For Agnes and Barty, one stop remained, where some of the joy of Christmas would always be buried with the husband that she still missed every day and the father that he would never know. Putting an arm around Paul's shoulders, Dr. Salk walked with him along a street lined with eucalyptuses and Torrey pines, to a nearby pocket park. They sat on a bench in the sunshine and watched duck waddle on the shore of a man-made pond. Round one hit Ichabod in the left thigh, because Junior fired while bringing the weapon up from his side, but the next two were solid torso scores. This was not bad for an amateur, even if the distance to target was nearly short enough to define their encounter as hand-to-hand combat, and Junior decided that if the deformation of his left foot hadn't prevented him from fighting in Vietnam, he would have acquitted himself exceptionally well in the war. After the stupid bastards read a newspaper or smoked a few cigarettes, they finally broke down the door. Satisfyingly dramatic: the crack of splintering wood, the crash. Of course, he also might have shot off his own thumbs as double insurance against being drafted and sent to Vietnam. He knew the titles that he wanted: "Tunnel in the Sky, Between Planets, Starman Jones." Tom Vanadium's uninflected but curiously hypnotic voice, his pensive manner, his gray eyes so beautiful in that fractured face, his air of measured melancholy, and his evident intelligence gave him a presence that was simultaneously as solid as a great mass of granite and yet otherworldly. Celestina slammed the door, pressed the lock button in the knob, shoved-rocked-muscle the dresser in front of the door, astonished by her own strength, and heard Angel speaking into the phone: "Mommy's moving furniture." Quickly, he searched for the source, but in less than a minute, before he could trace the voice, it faded away. Unlike that night in December, this time the singing didn't resume. In spite of the gloom, the boy's miraculous accomplishment was evident: his clothes and hair were dry as though he'd worn a coat and hood. "This is for Zelda," Junior said, ramming forward across the threshold with the knife. Barty had never been instructed in the rules of grammar, but had absorbed them as the roots of Edom's roses absorbed nutrients. "Sure. Does and is." She moved beside him. "For one minute, after her heart stopped the first time, she wasn't here in St. Mary's, was she? Her body, yes, that was still here, but not Phimie." To celebrate, upon leaving the gallery, he went to the coffee shop in the Fairmont Hotel, atop Nob Hill, determined to have a beer and a cheeseburger. Extending his hand, watching the pianist closely, Junior said, "My name's Richard Gammoner." "Why should I be afraid of a stumbling blind boy?" asked Junior again. But this time the words issued from him in a different tone of voice, because suddenly he sensed something knowing in this boy's attitude, if not in his manufactured eyes, a quality similar to what the girl exhibited. The bow business had started a few months ago. Angel said she wanted to look pretty in her sleep, in case she met a handsome prince in her dreams. face looked familiar, and he sensed that he had seen it before in a disquieting context, although the man's identity eluded him. "Oh," Celestina White replied, "yes, every day. I'm currently engaged on an entire series of works inspired by Bartholomew." White as a Viking winter, these magnificent choppers, and as straight as the kernel rows in the corn on Odin's high table. Superb occlusal surfaces. Exquisite incisor ledges. Bicuspid of textbook formation nestled in perfect alignment between molars and canines. "Doesn't look so spooky to me." She turned the knave of spades so the baby could see it. "Does he scare you, Barty?" On Sunday, New Year's Eve, Edom and Jacob came for dinner. Following dessert, when Barty went to his room to continue reading Starman Jones, which he had begun late that afternoon, Agnes told her brothers the truth about their nephew's eyes. The young man raised his voice to be heard above the gobbling of the art turkeys. "No, sir. He just asked where the men's room was." Artificial eyes were on order. He would soon return to Newport Beach for a third fitting before implant. They weren't glass, as commonly believed, but thin plastic shells that fit neatly behind the eyelids in the cavities left after surgery. On the inner surface of the transparent artificial cornea, the artificial iris would be skillfully hand-painted, and movement of the ocular prosthesis could be achieved by attaching the eye-moving muscles to the conjunctiva. "Chateau Le Bucks, 1886. We can have a bottle of that or you could buy a new car, and personally I believe thirst comes before transportation." The phone rang at 3:20 in the afternoon, just after he switched off the radio in disgust. Sitting in the breakfast nook, the Oakland telephone directory open in front of him, he almost said, Find the father, kill the son, instead of, "Hello." "Sulk away," the man said. "If you don't like this work, there's always the roaster." Angel followed him at two steps, and when she stood beside his chair, watching him open the soft drink, Barty said, "Why were you following me?" After a little silence Otter said, "Thanks." And he looked up at Hound, one brief, questioning, judging glance. Junior's body betrayed him as before, and also in new ways that terrified and humiliated him, involving every bodily fluid except cerebrospinal. For a while, inside that rocking ambulance, he wished that he were in a gondola upon the waters of the Styx, his misery at an end. "I know what you're thinking," her mother said, reaching across the table and placing one hand over Celestina's. "I know how useless you feel, how helpless, how small, but you must remember this . . . Posing as a counselor with Catholic Family Services, he phoned each listed Bartholomew, with a question related to his or her recent adoption. Those who expressed bafflement, and who claimed not to have adopted a child, were generally stricken from his list. They had not come to Junior yesterday in their grief, if in fact they had thought to grieve. Edom complied, and in the arc of red Bicycle patterns, one card revealed too much white corner, because it was the only one face up. But the boy played no tricks against his father. He took his beatings in silence and learned to hide his gift. Finally, he said, "What I did was grab the shovel, dig a hole really fast, and bury Muffin in it up to her neck-just until she calmed down." not yet acknowledged, when our flailing species briefly floats insensate between one desperate swim and another. "Be quiet, sugarpie," she said, crossing the bedroom to the door, which stood only slightly ajar. Then Agnes said, "Well, it's clear to me that you won't be able to talk out your life in just one year. Should be a two-year grant." "Sure they do," Barty said. "But I think Maria embroidered the birds just because they were pretty." On the third of June, he found another useless Bartholomew, and on Saturday, the twenty-fifth, two deeply disturbing events occurred. He switched on his kitchen radio only to discover that "Paperback Writer," yet another Beatles song, had climbed to the top of the charts, and he received a call from a ea woman. Dear Lord, how she loved her

sugarpie, her little M&M. Three years had passed in what seemed like a month, and although there had been stress and struggle, too few hours in every day, less time for her art than she would have liked, and little or no time for herself, she wouldn't have traded being blindsided by motherhood for any amount of wealth, not for anything in the world ... except to have Phimie back. Angel was the moon, the sun, the stars, and all the comets streaking through infinite galaxies: an ever-shining light.
