An SFPD patrol car swept past, its siren silent, the rack of emergency beacons flashing on its roof..squint-eyed, sharp-faced night clerk must not have been the owner, because he wasn't the type to have dreamed up cute spellings for the sign out front. Judging by his appearance and attitude, he was a former Nazi death-camp commandant who fled Brazil one step ahead of the Israeli secret service and was now hiding out in Oregon..Soon paramedics followed the police, who spread out through the apartment, and Junior relinquished his grip on the dishtowel..Friday night, he slept more soundly than he'd slept since coming home from the pharmacy to discover Joshua Nunn and the paramedic in solemn silence at Perri's bedside. He didn't dream of trekking across a wasteland, neither salt flats nor snow-whipped plains of

ice, and when he woke in the morning, he felt rested in body, mind, and soul. Into Barty's darkness came light that he had not sought. He saw his smiling Mary on his lap as she lowered her hands from his temples, saw the faces of his family, the table set with Christmas decorations and many candles flickering. As though he were home to a species of termites that preferred the taste of men to that of wood, Vanadium felt a squirming in his marrow. Having survived the night, Edom and Jacob were waiting in the hall. Each kissed his nephew, but neither could speak. During the cleaning, installation of new carpet, and painting that had followed the removal of the diarrheic pig set loose by one of Cain's disgruntled girlfriends, the wife killer had spent a few nights in a hotel. Nolly took advantage of the opportunity to bring his associate James Hunnicolt--Jimmy Gadget--onto the premises to provide a customized, undetectable, exterior window-latch release. The funeral director and his assistant were the only people, other than Junior, remaining at the grave. They asked if they might lower the casket or if he would rather that they wait until he was gone. Behind them, the door rebounded forcefully from a rubber-tipped stopper and closed with a thud. The lock wasn't engaged, however, and they might be interrupted momentarily. The need for relief was tremendous, inexpressible, and the urge to urinate was irresistible, and yet he could not let go. For more than eighteen hours, his natural urinary process had been overridden by concentrative meditation. Now the golden vault was locked tight. Every time that he strained for release, a new and more hideous cramp savaged him. He felt as if Lake Mead filled his distended bladder, while Boulder Dam had been erected in his urethra. The boy didn't at once answer, and when Agnes looked up from Red Planet, she saw that he was staring oddly at her. He squinted, as if puzzled, and said, "The twisty spots just jumped off the page right up on your face." When she discovered she was pregnant, Phimie dealt with this new trauma as other naive fifteen-year-olds had done before her: She sought to avoid the scorn and the reproach that she imagined would be heaped upon her for having failed to reveal the rape at the time it occurred. With no serious thought to long-term consequences, focused solely on the looming moment, in a state of denial, she made plans to conceal her condition as long as possible. One of his favorite gifts for Christmas 1967 was a twelve-hole chromatic harmonica with forty-eight reeds providing a full three-octave range. Even in his little hands, and with the limitations of his small mouth, this more sophisticated instrument enabled him to produce full-bodied versions of any song that appealed to him. Instead, he sat in the breakfast nook with his phone books and resumed the grueling search for Bartholomew. Aware of the mortician's new edginess, Jacob was convinced that his initial distrust of Panglo was justified. This twitchy little guy seemed to have something to hide. Jacob didn't have to be a cop to recognize nervousness born of guilt. He wanted an explanation, but no one could give him the one that he needed, because nobody but he himself knew the significance and symbolism of the quarter. The night seemed to be longer than a Martian month. Agnes dozed, fitfully, waking more than once, sweaty and shaking, from a dream in which her son was taken from her in pieces: first his eyes, then his hands, then his ears, his legs.... Nevertheless, he stepped away from the wall, and with his hands extended to full arm's length, he turned, feeling the lightless world around him. Nothing. No one. That same day, he dared to visit two galleries. Neither of them had a pewter candlestick on display. Celestina indicated to Tom that he should sit at the head of the table, facing Agnes at the foot. As Wally lowered himself into the empty chair to Tom's left, Celestina picked up two items from the sideboard and put them in front of Tom, before sitting to his right. In the top drawer, in addition to the expected items, Tom Vanadium found a gallery brochure for an art exhibition. In the hooded flashlight beam, the name Celestina White seemed to flare off the glossy paper as though printed in reflective ink. She fussed over him, took his temperature, and spooned two chips of ice into his parched mouth. Leaving, she gave Celestina a meaningful look and tapped her wristwatch. Only a small group of mourners gathered for this service. Junior and Naomi had been so intensely involved with each other that, unlike many young married couples, they had made few friends. EARLY CHRISTMAS EVE, gallery brochure in hand, Junior returned to his apartment, puzzling over mysteries that had nothing to do with guiding stars and virgin births. As though the blush were transmitted by a virus, Junior caught the primrose-pink contagion from the pianist. He had learned many things about himself on this momentous day--that he was more spontaneous than he had ever before realized, that he was willing to make grievous short-term sacrifices for long-term gain, that he was bold and daring--but perhaps the most important lesson was that he was a more sensitive person than he'd previously perceived himself to be and that this sensitivity, while admirable, was liable to undo him unexpectedly and at inconvenient times. "Toes," he repeated immediately in his sweet, piping voice. This was a new word for him. When he pushed Naomi, profit was the motive. He killed Victoria and Vanadium in self-defense. Those three deaths were necessary. As usual, Vanadium had spoken in a monotone, putting no special emphasis on those two words. Yet Junior sensed that the detective harbored doubts about the explanation of the girl's death. The boy fell and rolled even as he pitched the can, anticipating the shots that Cain fired, which cracked into the doorframe inches from Tom's knees. "No, no, dear. It was little Muffin, from next door. A big dog certainly would have torn up both you and the pants. We've got to have a credible story." He doused the light and crouched motionless in the absolute darkness, leaning against a wall of the dumpster to steady himself, because his feet were planted in slippery layers of fog-dampened plastic trash bags. "Couldn't carry these three ladies," he said. "Svelte as they are, they still weigh more than a backpack." But, ah, the heft of the candlestick, the smooth arc it made, and the crack of contact had been as hugely satisfying as any home-run swing that had ever won a baseball World Series. Junior was glad for the chance to eavesdrop, not only because he hoped to learn the nature and depth of Vanadium's suspicions, but also because he was curious--and concerned--about the cause of the disgusting and embarrassing episode that had landed him here. Softened by a Shantung shade, the lamplight was golden on his small smooth face, but sapphire and emerald in his eyes. "Yes," she admitted, her face still close to his, "I'm afraid. But Dr. Chan is a fine surgeon, and this is a very fine hospital." Eventually, he settled on a mental image of a bowling pin as his "seed." This was a smooth, elegantly shaped object that invited languorous contemplation, but it did not tease his libido. "That's enough?" "Silly man." "Cain looks like a movie star." "Does he have nice teeth?" she asked. "They're good. Not perfect." "So kiss me, Mr. Perfect." Sometimes he thought he walked for Perri, using the steps she had stored up and never taken, giving expression to her unfulfilled yearning to travel. At other times, he thought he walked for the solitude that allowed him to remember their life in fine detail--or to forget. To find peace--or seek adventure. To gain understanding through contemplation---or to scrub all thought from his mind. To see the world or to be rid of it. Perhaps he hoped that coyotes would stalk him through a bleak twilight or a mountain lion set upon him on a hungry dawn, or a drunk driver run him down. "Maria brought that from Mexico," Barty said. "She thought it was pretty funny. So do I. It's a hoot. Mom says it isn't really blasphemous, because it wasn't meant to be by the people who made it, and because Jesus would want you to have cookies, and, besides, it reminds us to be thankful for all the good things we get."--and the under girding of the observation platform itself is unstable. The

whole thing could have fallen down with us on it!". "By law, adoption records are sealed and so closely guarded that you'd have an easier time acquiring a complete roster of the CIA's deep cover agents worldwide than finding this one baby.". As the nurse slapped a bar of lye soap in Celestina's right hand, she turned on the water in the sink..Of course, you've never seen anything like it, you worthless adolescent twit. You're not old enough to have seen squat, and even if you were older than your own grandfather, you wouldn't have seen anything like this, Dr Kildare, because this here is a true case of voodoo Baptist boils, and they don't come along often!. His first overnight journey, in June of '65, was to La Jolla, north of San Diego. He carried too large a backpack and wore khaki pants when he should have worn shorts in the summer heat.. Instead, her father asked, "Is this emotion talking, Celie, or is this brain as much as heart?". Only a few theater goers attended the matinee. No one sat near, so Google and Junior openly swapped packages: a five-by-six manila envelope to Google, a nine-by-twelve to Junior.. In his head, without apparent effort, Barty kept a running total of the number of seconds that he had been alive, and of the number of words in every book that he read. Agnes never checked his word totals for an entire volume; however, when she cited any page in a book that he'd just finished, he knew the number of words it contained.. When Renee realized that this rejection was complete and final, she-he, whatever-was transformed from well-sugared southern lady to bitter, venomous reptile. Eyes glittering with fury, lips twisted and skinned back from her teeth, she called him all kinds of bastard, stringing epithets together so effortlessly and colorfully that she enhanced his vocabulary more than had all the home-study courses that he'd ever taken, combined. "And face it, pretty-boy, you knew what I was from the moment you offered to buy me a drink. You knew, and you wanted it, wanted me, and then when we got right down to the nasty, you lost your nerve. Lost your nerve, pretty-boy, but not your need.". As "It is." From a desk drawer, Nolly withdrew an envelope and put it on top of the offered cash. "I'm returning five hundred of your thousand retainer." He pushed everything back toward Junior.. As before, the name tolled through him like the ominous note of the deepest bass bell in a cathedral carillon, struck on a cold midnight.. "That discord sets up lots of other vibrations, some of which will return to you in ways you might expect-and some in ways you could never see coming. Of the things you couldn't have seen coming, I'm the worst.". He was surprised they had come so soon, less than twenty-four hours after the tragedy. This was especially unusual, considering that a homicide detective was obsessed with the idea that rotting wood, alone, was not responsible for Naomi's death.. The man, whom the others called Licky, led him out into a hot, bright morning that dazzled his eyes. Leaving his cell he had felt the spellbonds loosen and fall away, but there were other spells woven about other buildings of the place, especially around a tall stone tower, filling the air with sticky lines of resistance and repulsion. If he tried to push forward into them his face and belly stung with jabs of agony, so that he looked at his body in horror for the wound; but there was no wound. Gagged and bound, without his voice and hands to work magic, he could do nothing against these spells. Licky had tied one end of a braided leather cord around his neck and held the other end, following him. He let Otter walk into a couple of the spells, and after that Otter avoided them. Where they were was plain enough: the dusty pathways bent to miss them.. Into new avenues of the labyrinth he moved, but then back again, back upon his own trail, twisting, turning, from the occult to modern literature, from history to popular science, and here the occult once more, always the shadow glimpsed so fleetingly and so peripherally that it might have been imagination, the scent of a woman no sooner detected than lost again in the perfumes of aging paper and bindery glue, twisting, turning, until abruptly he stopped, breathing hard, halted by the realization that he hadn't heard the singing in some time.
