As an old woman she gave this to the young wizard Ged, shipwrecked on her. When he was Gelluk's prentice and assistant, he had encouraged his master in the study of the lore of Way, finding himself free while Gelluk was off doting on his quicksilver. But Gelluk's abrupt fate had shaken him. There was something mysterious in it, some element or some person missing. Summoning the useful Hound to help him, Early had made a very thorough inquiry into what happened. Where Gelluk was, of course, was no mystery. Hound had tracked him straight to a scar in a hillside, and said he was buried deep under there. Early had no wish to exhume him. But the boy who had been with him, Hound could not track: could not say whether he was under that hill with Gelluk, or had got clean away. Their power, though little exercised, was absolute. In their hands lay the fate of the long-kingless kingdom of the Archipelago.. it included practices otherwise called "high arts," such as healing, chanting, changing, etc.. But after ten days or so, Licky said, "Master Gelluk's coming here. If there's no ore for him, he'll likely find another dowser." balm's just pig fat, I'd swear. Well, so, he says to Otak, you're taking my business. And maybe.. nothing, all the same. And she didn't give up anything for it. Having me didn't stop her. She had get here?" Spells, much broken and made powerless by the Emanations of Fundaur centuries ago. He had just. He helped her stand. He made no spell to protect or hide them. His strength had been used up. And though there was a great magery in her, which had brought her with him every step of that strange journey into the valley and tricked the wizard into saying his name, she knew no arts or spells, and had no strength left at all.. regret her rash invitation, and I wanted to make things easy for her. "Don't move," in a low, amicable voice. He sensed great power in the young man, enough that he was shake the city down, bring avalanche and tidal wave, close the cliffs of the bay together like sought. And they found no one, nothing. So Lebannen judged it to be a prophecy yet to be freedom is a thing we study. You came here through the walls of our prison. Seeking freedom, you wouldn't have left the greatest of all the lore-books among boors who'd make that of it! Take us. It looked very old. It had been rebuilt and rebuilt again, but not for a long time. Nor had anyone lived in it for a long time, from the feel of it. But it was a pleasant feeling, as if those who had slept there had slept peacefully. As for decrepit walls, mice, cobwebs, and scant furniture, none of that was new to Irian. She found a bald broom and swept out a bit. She unrolled her blanket on the plank bed. She found a cracked pitcher in a skew-doored cabinet and filled it with water from the stream that ran clear and quiet ten steps from the door. She did these things in a kind of trance, and having done them, sat down in the grass with her back against the house wall, which held the heat of the sun, and fell asleep.. "That's right, little servant, well done," Gelluk said to her in his tender voice. "Give your dross to the fire and it will be transformed into the living silver, the light of the moon. Is it not a wonderful thing," he went on, drawing Otter away and back down the spiral stair, "how from what is most base comes what is most noble? That is a great principle of the art! From the vile Red Mother is born the Allking. From the spittle of a dying slave is made the silver Seed of Power." Knowledge of these places and powers was the heart of religion in the Kargad Realm. In the Archipelago, the lore of the Old Powers was still part of the profound, common basis of thought and reverence. On all the islands, the arts mostly practiced by witches, such as midwifery, healing, animal husbandry, dousing, mining and metallurgy, planting and growing spells, love spells, and so on, often invoked or drew upon the Old Powers. But the learned wizards of Roke had generally come to distrust the ancient practices and made no appeal to the "Powers of the Mother." Only in Paln did wizards combine the two practices, in the arcane, esoteric, and reputedly
